Illinois Billiards Club (IBC) is a private club in an historic pool and banquet hall. We have special arrangements with the club to use the facility for the class. It will be taught on 9' tables but they have a 10' billiards table and pool table. This class will focus on fundamentals and is perfect for beginners and a great review for more advanced players. Don't forget friends and family that might be interested in learning. There will be lots of one on one time with the instructors and the class will be highly interactive. It will include at least 10 hours of structured instruction time and an additional 5 to 15 hours of practice/warm up time before and after the classes where the instructors are available to the students. A syllabus will be available to all students.

Topics include:
